Implement clustering techniques – Hierarchical and K-Means

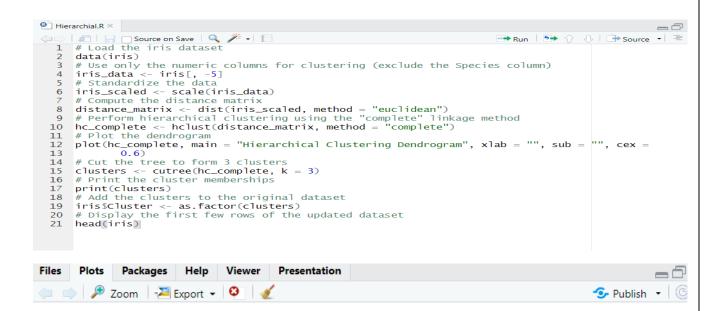

AIM:

To Implement clustering techniques Hierarchical and K-Means using R programming in R Studio.

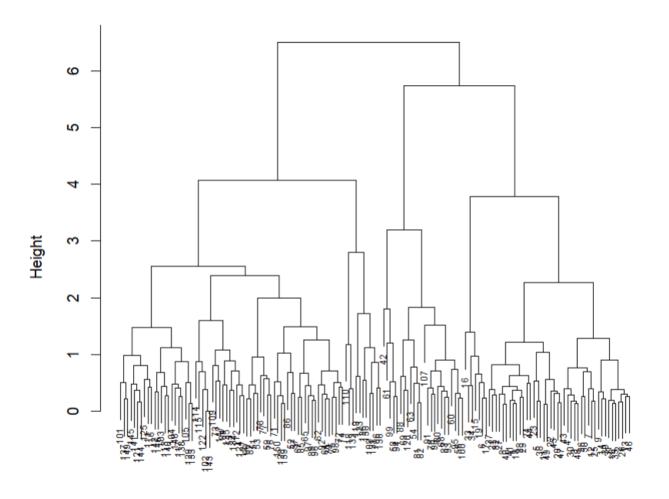

a) HIERARCHIAL CLUSTERING

```
# Load the iris dataset data(iris)
# Use only the numeric columns for clustering (exclude the Species column) iris data
<- iris[, -5]
# Standardize the data
iris scaled <- scale(iris data)
# Compute the distance matrix distance matrix <-
dist(iris scaled, method = "euclidean")
# Perform hierarchical clustering using the "complete" linkage method hc complete
<- hclust(distance matrix, method = "complete")
# Plot the dendrogram plot(hc complete, main = "Hierarchical Clustering Dendrogram",
xlab = "", sub = "", cex =
0.6)
# Cut the tree to form 3 clusters
clusters <- cutree(hc complete, k = 3)
# Print the cluster memberships print(clusters)
# Add the clusters to the original dataset
iris$Cluster <- as.factor(clusters)</pre>
# Display the first few rows of the updated dataset head(iris)
```

OUTPUT:

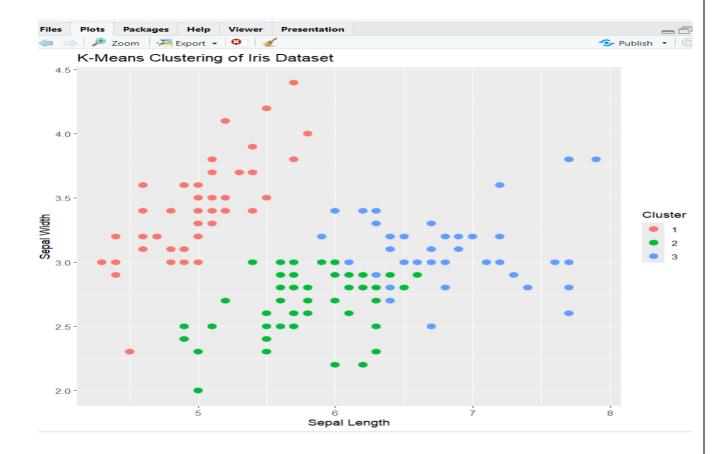

Hierarchical Clustering Dendrogram

b) K-MEANS CLUSTERING

```
# Load the iris dataset data(iris)
# Use only the numeric columns for clustering (exclude the Species column) iris data
<- iris[, -5]
# Standardize the data
iris scaled <- scale(iris data)
# Set the number of clusters set.seed(123)
# For reproducibility
k <- 3 # Number of clusters
# Perform K-Means clustering
kmeans result <- kmeans(iris scaled, centers = k, nstart = 25)
# Print the K-Means result
print(kmeans result)
# Print the cluster centers
print(kmeans result$centers)
# Add the cluster assignments to the original dataset iris$Cluster
<- as.factor(kmeans_result$cluster)
# Display the first few rows of the updated dataset head(iris)
# Plot the clusters library(ggplot2)
ggplot(iris, aes(x = Sepal.Length, y = Sepal.Width, color = Cluster)) +
geom point(size = 3) +
 labs(title = "K-Means Clustering of Iris Dataset", x = "Sepal Length", y = "Sepal Width")
```

OUTPUT:

RESULT:

Thus, the Implement clustering techniques Hierarchical and K-Means using R programming in R Studio have been successfully executed.
